

# Bay Park

## **Starting Point**

Position

1 car width away & parallel from end of parking bays

Stop just past reference point

Signal

Left indicator – when stopping (if required)

Reverse lights – ASAP

## **1st Part**

P – Prepare in reverse gear

O – Observe all round – look over appropriate shoulder

M – Move – slowly – old mans walking speed

## **2nd Part**

When at reference point

Observe up & down road – front will swing out

Full lock to the left – whilst still moving slowly

Continuing all round observations

## **3rd Part**

Just before parallel to lines

1½ turns to the right – to straighten wheels

Continuing all round observations

## **Finishing Position**

In middle of bay

Left/right

Forward/backwards

Secure car

Handbrake

Neutral

## **Other Road Users (Inc. pedestrians)**

Stop – allow to pass

**Slow Speed – Good Observation**
