

Meeting

Passing stationary hazard with approaching vehicles

Parked vehicle on one side

Check mirrors

Assess priority but never assume priority

Plan early for position & speed

If you can maintain safety line – 1 metre from parked vehicle

Maintain speed

Unable to maintain safety line – but enough room to get past

Slow down

“Reduce the Gap – Reduce the Speed”

More time to react to: Pedestrians, Car doors

Not enough room to safely pass parked vehicle

Slow down and assess (sometimes may speed up)

Adjust speed to avoid both vehicles meeting

Parked vehicles on both sides

No one has priority

Adjust speed to avoid both vehicles meeting

Assess speed & position of other vehicle

Proceed with caution

Can be advantageous to give way
